PROFILE

Final-year BSc candidate at EHL Hospitality Business School, graduating 2027. Triple national, eight countries lived in and thirty visited, with direct exposure to sovereign capital at the Future Investment Initiative. Builds financial models and writes on political risk. Seeking economic intelligence, strategic advisory, or asset and investment analysis.

PROFESSIONAL EXPERIENCE

CRM & Stakeholder Operations Intern 07/2025 – 12/2025
Richard Attias & Associates · Paris, France

- Coordinated stakeholder data flows for the Future Investment Initiative, an event of more than 10,000 participants.
- Researched and profiled institutional stakeholders and corporate actors ahead of the forum, with direct exposure to Gulf sovereign capital.
- Consolidated executive-level data flows across Excel, Salesforce, Airtable and FileMaker Pro.
- Ran real-time information management in a high-pressure multinational event environment.

F&B Operations Associate, Major International Events 07/2024 – 09/2024
Park Hyatt Paris-Vendôme · Paris, France

- Delivered service execution through the Paris Olympic Games and Fashion Week.
- Coordinated cross-functional teams in high-volume, time-sensitive settings.
- Handled high-profile international clientele under premium service standards.

Front Office & Guest Operations Assistant 02/2023 – 08/2023
Shangri-La · Singapore

- Ran front-office workflow and interdepartmental communication across 15 department teams.
- Managed international guest interactions in English, French and German, adapting to local cultural expectations.

LEADERSHIP

Supervisor, EHL Student Safety Team 03/2024 – present
EHL Hospitality Business School · Lausanne, Switzerland

- Supervise student teams covering event safety and incident response on campus; brief and staff shifts and escalate to EHL Safety & Security.

SELECTED ANALYTICAL WORK

- Deere & Co. diagnostic. Seven-sheet live model: CAPM cost of capital, NOPAT, shareholder value creation. Grade 6/6.
- Westin Las Vegas. Ten-year DCF for an open-end real estate fund, three LTV scenarios against a 4% hurdle.
- Leonardo Royal Munich. Authored the financial modelling for an €8.0m capital programme, €27.4m exit value uplift.
- Monday Effect. OLS day-of-week regression on 15 years of FTSE MIB data sourced from LSEG Refinitiv.
- Post-conflict hospitality investment in Ukraine. Research paper on EBRD, EU Facility and DFC financing mechanisms.
- Strait of Hormuz. Research paper on tanker war-risk cost: $4.28 a barrel expected premium against about $9 to bypass.
- Jarvis. Governed AI agent built with Claude on the Anthropic API: four permission tiers, hash-chained audit log, 28 passing tests, six of them adversarial.
- Firmdale Hotels AI report. Team consulting project on an AI operating layer for a London and New York hotel group: build versus buy, cybersecurity and data privacy, five-year roadmap and payback.
